DRAFT REPORT.

TO THE BENEFICIARIES OF THE TEMPORALITIES BOARD.

At a meeting of the Board held on the 8th of May last, the Secretary was instructed to procure an actuarial report on the fund, as well for the guidance of the Board in their future administration as for the information of the Beneficiaries, respecting its capabilities. Mr. James Grant of Montreal was accordingly furnished with the requisite data and prepared a report which was submitted to the Board at a meeting held on the 13th of November, 1883, and of which a copy was sent to each Beneficiary. Mr. Grant's report is as follows:—

QUESTION I.

"The present value of productive capital being \$275.414, and the "yearly revenue therefrom \$16,348.56, and the yearly payments "\$35,100; at what date would the whole capital be exhausted? The "payments being made half-yearly at the end of June and December—" the next being due in December.

ANSWER.

In 15,1 years, from December next, i. e. in February, 1899.

QUESTION II.

"The Board having liberty to draw upon its capital, if necessary, how much capital would be required to secure the annual payments respectively to

"(1.) 26 Commuting Ministers, (ages given) at \$450 each. "(2.) 11 Privileged Ministers, (ages given) at \$400 each.

"(3.) Queen's College, Kingstou, (in perpetuity), \$2000 per annum. "(4.) Expenses of Management at \$600 per annum,

ANSWER.

Taking for basis of calculation the Carlisle tables, No. 1. Would require a provision of \$92,275.56.

No. 2. Would require a provision of 36,888.72. No. 3. Would require a provision of 33,333.00.

No. 4. Would require a provision of 5,799.12, supposing the management to continue a period of a little over 15 years at \$600 per annum.

To purchase annuities, however, in a first class company for numbers 1 and 2 would involve an additional outlay of probably \$10.000 making in all about \$178,500, as the provision which would in that case be necessary for the four purposes named.

QUESTION III.

"Keeping in view the powers of the Board to draw upon its capital, "in order to meet, as far as possible, the claims of all the ben-ficiaries, and that it is not contemplated to reduce the payments hitherto "made to the commuting and privileged ministers, nor the annual "grant to Queen's College, what reductions should be made in the "payments to the 82 non-privileged ministers, hitherto receiving "\$200 per annum, in order to secure to the commuting and privileged "ministers and Queen's College their usual payments, respectively."

Avawro

To continue these payments at present amounts, to the commuting and privileged ministers, until all lapse, and the annual grant to Queen's College, and also to provide for expenses of management, for a period of a little over 15 years, would have to make a reduction of \$102.08 per non-privileged minister, thus reducing the annual allowance to each to \$97.92. This is on the expectation that the capital would be all expended with the last surviving beneficiary.

As explained in my Report, in November, 1878, all my answers are calculated upon a 6 per cent. basis, and on the understanding that your intention is that the annual grant to Queen's College is in perpetuity; and I would again call your attention to the fact that your securities do not all yield 6 per cent., and are, moreover, liable to fluctuations from time to time, not only in value but also in returns and may have to be replaced at a loss, and also a reduction in yearly returns.

All respectfully submitted by Your obed't servant,

JAMES GRANT,

Montreal, 28th August, 1883.

At a meeting of the Board held on the 14th of November, it was resolved to continue the payment as heretofore to the Commuting and Privileged Ministers, and that, in the present state of the fund, the payments to the Non-Privileged Ministers and to Queen's College be reduced to fifty per cent. of the amounts formerly paid. It was also agreed that no retired ministers except those who have already been in the receipt of increased payments, as such, are to receive any increase of their allowances by reason of their retirement.

In coming to these conclusions the Board have been guided by the necessities of the case, with a regard to the interests of all concerned, and they confidently hope that the beneficaries will acquiesce in the course of action which the Board deem best in present circumstances.

FINANCE.—The Board make grateful acknowledgement of the receipt of a legacy of \$4000.00 bequeathed to the Temporallties Board by the late Mr. James Michie of Toronto, who was for a number of years a member of this Board.

The par value of the fund at this date is \$275,136 as per annexed Schedule A. The cash value is estimated to be \$284.956. The annual interest from investments is \$16,589.

The total expenditure for the year, as per Schedule B, was \$30,390.30. The draft upon capital was \$8,390.15.

A number of Harbour Bonds representing in all \$60,500 matured last July. Although the Executive Committee have not been able to find suitable permanent investment for this money, they have been fortunate in obtaining a special rate of interest for it in the meantime. The balance of the Harbour Bonds, \$28,000, are payable on the 5th July next. The amount invested in mortgages at 6% is \$71,290.

Since the date of last report a further sum of \$672.77 has been received towards the fund for defraying the expenses connected with litigation and legislation; the net amount received from the congregations and from private individuals being up to this date \$6,992.83.

The sum of \$363.99, the balance at the credit of Miss Fisher's Legacy Fund, held in trust by the Board for purposes specified in Miss Fisher's last Will and Testament, was paid over to the Trustees of Taylor Church in the east end of the City of Montreal, the 1st December last; the Solicitor of the Board having certified that all the conditions of Miss Fisher's bequest had been implemented in the erection and constitution of said Taylor Church.

CHANGES IN THE ROLL.—The Rev. James T. Paul, a commuting minister, died at Bolsover, Ontario, on the 6th of March last, in the 74th year of his age.
